## ASSIGN and TRACK

homework using **MyELT Online Workbook**

Assign students activities for independent online practice. A gradebook allows tracking of student progress and provides information to support and assess individual and class performance. These programs are on the MyELT digital platforms: *Impact*, *Life*, *World English*, *Pathways*, *Great Writing*, *21st Century Communication*, *Perspectives*, *Grammar in Context*, and *Reading Explorer*.

## DAILY INSTRUCTION

use the **Classroom Presentation Tool**

Classroom Presentation Tools bring together digital versions of all core instructional materials for a program. This includes the Student's Book, video, audio, and answer key. It can be used in any classroom environment to present and demonstrate new language and skills, to create opportunities for practice, and to manage the classroom activities. The Classroom Presentation Tool is located on a USB for teachers using MyELT.

## LEARN with Student eBook

The eBook is an electronic version of the print student book. It can be accessed online or downloaded to a student's device (laptop or tablet). If your school has purchased eBooks, ask your digital admin for the eBook codes for your class. To redeem the codes, students must go to [online.vitalsource.com](http://online.vitalsource.com) and download the book.
